OBJECTIVE

Seeking a Software Developer position to leverage my 3 years of experience in web development and team management to build innovative and efficient applications.

SKILLS

Frontend	ReactJS, NextJS, Refine, Tailwind CSS
Backend	NestJS, ExpressJS, Supabase, PostgreSQL, REST APIs, NodeJS
Programming Languages	TypeScript, JavaScript
Payment Gateway Integrations	Stripe, PayPal, CorvusPay, GoldenPay, Tap2Pay
Authentication & Security	Keycloak, Supabase Auth
Collaboration & Tools	Git, BitBucket, Slack, JIRA, Jenkins, Docker, AWS, Figma
AI & Productivity	Claude Code, Cursor, Antigravity
Soft Skills	Leadership, Adaptability, Decision-Making, Team Management, Critical Thinking, Problem-Solving, Time Management

EXPERIENCE

Software Engineer Sumeru Technology Solutions	July 2023 - Present Bengaluru, IN
---	--------------------------------------

- Led a 15-member team to build and scale a global CRM platform for 15,000+ users across 60+ countries using NestJS, PostgreSQL, Next.js, and Zustand.
- Built configurable registration pages, a reusable payment gateway module (100,000+ registrations), and a translation system for 50+ languages, eliminating client dependency.
- Developed a unified fundraising wrapper ([Link-1](#)) ([Link-2](#)) ([Link-3](#)), delivered the Art of Living US website within 48 hours ([Link](#)), and leveraged AI coding agents (Claude Code, Cursor) to improve code quality across the team.

Web Developer Saptarishi Solutions	Jan 2023 - June 2023 Hyderabad, IN
--	---------------------------------------

- Built the frontend of a Latin America CRM using ReactJS — converted 600+ Figma designs into production-ready screens and built 15+ reusable UI components for 5,000+ active admin users.

PROJECTS

Jewelry E-Commerce Platform. *Next.js — TypeScript — Supabase — Razorpay — Tailwind CSS*

Bilingual (English/Telugu) jewelry e-commerce with storefront, admin panel, inventory management, payments, and dual store modes. ([Link](#))

DevMarket. *Next.js — TypeScript — Supabase — TanStack Query*

Two-sided freelance marketplace with project posting, proposals, in-app messaging, and role-based auth. ([Link](#))

TexLedger. *Next.js — TypeScript — Supabase — PostgreSQL Functions*

Accounting and inventory system for textile wholesalers with double-entry accounting, voucher management, and stock tracking. ([Link](#))

EDUCATION

B.Tech in Computer Science
SRKR Engineering College (GPA: 8.23)

2019 - 2023
Bhimavaram, IN
